* Comments (Project title, specification, sample detail. If applicable include storage, handling, hazard, other consideration, or product form)

** Normal (OEL must be > 30 ng/m³; if not contact us for instructions)

◆ **Data Comparison#**

Should Crystal Pharmatech compare present data to that from samples previously analyzed by us? Yes No

If yes, please include the report number and/or Sample ID to be used for comparison. An hourly charge will be incurred for this service (1-hour minimum). Report Number: _____ Sample ID: _____

Comments: _____

◆ **Results Format#** Word PowerPoint

Please let us know if you have a further request: _____

◆ **Do you need raw data to process by yourself#?** Yes No

The pricing only includes one data processing. Additional processing will be at additional charge.

◆ **Should these samples adhere to our 6 month sample retention policy?** Yes No

◆ **Has a proposal been generated for this work?** Yes, proposal number: _____ No

PROJECT PRIORITY (Subject to Availability):

Standard Turnaround (2-5 business days)

Rush for XRPD/DSC/mDSC/TGA/PLM (**Same-day service** will be offered upon request with 50% surcharge. Samples received by 12:00 pm EST receive data the same day with our same-day service. Same-day service is limited to 10 samples for XRPD and 5 samples for TGA or DSC.)

Focused Analytical Solids Testing (FAST) for the Pharmaceutical Industry

Crystal Pharmatech is offering FAST for many routine analyses encountered during pharmaceutical development. The FAST concept is directly aligned with our goal of partnering with organizations instead of merely providing data. Every FAST result will be accompanied with interpretation that is aimed at solving your specific development needs. We also promise FAST lives up to its' acronym with our timing and quality guarantee. We're not happy unless you're happy. With FAST, you can have the solid state characterization lab you've always wanted in-house.

Test Item	Sample Amount (mg)	Price/Test USD	Turnaround Time (Business days)
X-ray Power Diffraction (XRPD)	2-50	300	2
Particle Size Distribution (PSD)	50-100	300	2
DSC (10°C/min)	2-20	250	2
mDSC (3°C/min)	2-20	250	2
TGA (10°C/min)	2-20	250	2
Polarized Light Microscopy (PLM)	2-20	150	2
Dynamic Vapor Sorption (DVS)	20-100	700	5
KF	100	200	2
Hot-stage Microscopy	2-20	300/temperature	2
Solution NMR (1H)	10	200	2
HPLC(Purity)	10-20	200	5
HPLC(Assay)	30-50	300	5
*Additional Processing	n/a	200	n/a

*All results come with only one type of processing based on client's initial order (i.e. overlay, individual spectra, raw data). If additional processing is desired/requested, it will be priced according to table above.

SUBMIT A SAMPLE TO FAST

FAST Order Form contains all the information we will use to receive sample, perform testing and create test report according your request. Each field helps us understand who should receive the results, what the sample material is, what tests are to be performed and when the results are due – plus any special instructions.

Please follow the sample submission procedure below, fill the forms in and send them with your sample(s).

1. Print out FAST order form
2. Include MSDS
3. Ship samples with order form & MSDS

Please contact us with any questions about the Sample

Submission. Phone: 609-529-4135/732-640-0130
